

Standards in Action: Video Guide

Introduction

This video guide is designed to support teacher teams, collaborative teaching partners, individual educators, and administrators across grade levels and content areas who want to reflect on ways to implement the WIDA English Language Development (ELD) Standards Framework.

The guide can be used in conjunction with the videos to **notice** ways educators implement the WIDA ELD Standards Framework, **connect** ideas from the videos to current practices, and **plan next steps** for deepening WIDA ELD Standards Framework implementation.

Consider the context you are working in and the students and families that you serve. Place the ideas you listed on the Impact-Feasibility chart. You may want to place the letter from your list on the impact-feasibility chart to save space.

Consider the reflection questions in the following chart as you reflect on the ideas and practices you would like to apply to your context.
